

## PLAN BIG DAY HERE JULY 4

Forty-five Organizations Already Pledged to Take Part in Big Morning Parade.

### TAFT AND "TEDDY" INVITED

Fifteen thousand marchers, carrying American flags, will be in line in the big parade planned in Aurora July 4 when a patriotic celebration will be held. Six bands, one of which will be the Great Lakes naval station band with John Philip Sousa, America's greatest band leader, as director, will be in the parade as well as all military organizations of Aurora and lodges, unions and organizations of all kinds, business men on the arrangement committee promise.

Accompanying Sousa and the marine band will be several squads of "jockies" from the training station, among them several of the Aurora boys now in training there. They will also drill during the day here in plans of Aurora's materialize.

Former Presidents Taft and Roosevelt have been asked to be present on that day to speak. They have been invited by Congressman I. C. Copley. No reply to the invitations has been received as yet.

To Be Real Demonstration. Besides a naval military drill by the marines, there will be drilling by the Aurora Zouaves and several other organization drill teams. At the meeting of the parade committee held last night it was decided to taboo the word "celebration" in connection with the affair on account of it being a strictly patriotic movement. It is to be advertised as a demonstration.

The time for the parade has not been arranged as yet, but it was announced this morning that it would probably be in the morning. Forty-five different organizations have already consented to join in the parade and others are expected. The parade committee would like to have all organizations taking part notify them of the number of marchers they will have by reporting to City Attorney Albert J. Kelley at the city hall. This is necessary in determining the line of march so the order of the organizations can be arranged.

Floats Barred. Floats are to be barred from the parade. This is done on account of some taking advantage of the occasion to advertise by this means. All public and parochial school children in the city have been asked to join in the parade.

Another meeting will be held tonight at the city hall at 8 o'clock at which all those who attended last week's meeting are requested to be present, as well as representatives of other organizations which have not yet entered names for the parade.

All other celebrations ever attempted in this city are to be outdone by the demonstration here next Fourth of July. It was said by leaders in the movement this morning. Several features which are not ready to be made known at this time are being worked out now and will be announced later.

## ELECTRICAL STORM CAUSES FIRE CALLS

Lightning Strikes Smokestack at Aurora Coöperage in Haven Avenue Last Night.

Another Bolt Fires Royston Wholesale Building—Small Damage Done at Both Places.

Lightning last night during the severe electrical and wind storm was the cause of two fires in Aurora. The first blaze was at the Aurora Coöperage company in New Haven avenue on the west side.

At 10:25 o'clock lightning struck the smoke stack on the building. The stack is of brick and 80 feet high. It was struck at the top and a circle of brick three feet in diameter knocked out. The brick fell thru the roof of the building but no damage was done outside of that to the smoke stack.

Morning Fire. At 3:10 o'clock this morning the fire department was called to the brick building formerly occupied by the Fox River Butter company, now used by the F. E. Royston & Co. wholesale grocery firm. An iron conduit thru which a 500-volt feed wire runs was struck by lightning. The conduit and wire were burned out and the wooden floor, window sills and part of a wall were slightly burned. It was estimated this morning that the loss would not exceed \$50.

## TO OPEN ISLAND HOTEL BY JULY FOURTH, PLAN

The managers of the new Hotel Aurora expect to have the place open for business Monday, July 2, to take care of the large number of outside people who come to Aurora for the celebration on July 4. John M. Murphy, construction superintendent, stated this morning that he was quite positive the new hotel would be opened on that date.

## Aurora Society News

One of the pretty customs of the day is the grouping of tiny silk flags of the allies, arranged in a vase in flower fashion. It is said that the shops are selling the little flags almost faster than they can be made, and the cluster of colors looks extremely pretty, not forgetting the pathetic banner of Belgium.

The G. A. R. Flag. The women of W. R. C. No. 10 met Monday afternoon and all day Tuesday and completed the 1224 flag, which will be flown from the flag staff before G. A. R. hall. There was a luncheon during the work day, in charge of Mrs. Mary Conant and Mrs. Gertrude McDonald.

These women bought what is known as "bull-dog" bunting, sewed the strips together in old fashioned "sewing" fashion, that is sewing them in a seam and reserving in such way that no raw edges appear. The stars are applied by sewing on strips of white on each side of a blue field, marked the stars on the same, and then sewing around the marking twice, also sewing thru the star itself once or twice in order to hold it flat. This of course stitched thru upon the white band upon the opposite side. The white was then cut out around the stars. A flag raising will be held July 3, with a speaker and a program.

At Aurora College. The speaker at the commencement exercises at Aurora college tomorrow afternoon is Hon. Francis G. Blair, Jr., D. C., Illinois superintendent of public instruction. The class at the college this year is more than ordinarily interesting, including as it does two girls, Mrs. E. of Stephens Secker and Mrs. Esie Bishop Richardson, who married during the school year and have maintained their homes, meanwhile working for the college degree. Stanley Peffy, a class member, has been out doing evangelistic work, meanwhile working for his degree.

Last evening Cornelia Mae Smith, supervisor of music at the college, gave her annual recital before an appreciative audience.

The educational forces of Aurora will be represented at a dinner tomorrow at the home of President Jenks of the college. The guests will be Francis G. Blair, state superintendent of public instruction for Illinois, Supt. S. K. McDowell of West Aurora, Supt. C. M. Bardwell of East Aurora, Miss Bertha Barber of Jennings seminary, Edward A. Ellis of Kane county superintendent of schools, James Shaw, of the Aurora public library, the Rev. D. D. Vaughan, president of the Ministers' alliance, Prof. J. H. Freeman, former superintendent of schools of Illinois and Dean Rondthaler of Moonshoer.

Breakfast for College Graduates. An annual event of interest is the breakfast served to the Aurora college graduates at the home of President and Mrs. Jenks, the guests including graduates and members of the faculty and their wives. Others at the breakfast will be Dean Robbins and Mrs. Robbins, Doctor Twining, Miss Sara A. Crosby, Professor Richardson and Mrs. Richardson, Professor and Mrs. Smith, Professor Devine, Miss Elizabeth Leaser, Miss Helen Whiting of the Y. W. C. A., Miss Clara Ingalls of the Y. W. C. A. and Mr.

and Mrs. Harry R. Detweiler. Students Frolic This Morning. It goes without saying that frolic-ing under the greenwood tree was out of the question this morning so the juniors who had planned a steak fry out of doors, calmly fitted up a gas plate in the basement cooked steak and had a good time. The seniors also transferred their bacon and eggs fry to the second floor of one of the buildings, enjoyed their breakfast and a jolly time.

For Miss Baker. Miss Dorothy Dickinson entertained a group of young woman friends last evening at a farewell party in honor of Miss Dorothy Baker who leaves Saturday for Passaic, N. J., where her father, Elmer Baker, formerly of Rathbone and Sard of this city, has assumed a new position. There were games and music and later refreshments. Miss Baker received a number of gifts. Miss Dickinson will accompany Miss Baker to her new home.

For Miss Pollin. Mrs. Edward R. Reavell of Seminary avenue entertained 12 friends last evening in honor of Miss Ruth Pollin who is soon to be married. During the evening the guests homed towels which were presented to the bride-elect. At various games the favors which were won by Miss Mary Seger and Mrs. John Pollin were also given to the bride-elect. A delicious three course luncheon was served later with the table appointments in pink roses, snowballs and ferns.

Westminster Daughters. Mrs. A. W. Lindgren, Miss Louise Grice and Miss Edna Kappes entertained the Westminster Daughters of the First Presbyterian church at the home of Mrs. Lindgren and Miss Grice in Fox street. A penny sale afforded much amusement. Refreshments were served during the evening.

For Bernice Howard. Mrs. Clarence L. Howard of North avenue entertained 16 guests informally yesterday afternoon in honor of her daughter, Bernice, who is to be married soon. The decorations were in yellow and white. At various games favors were awarded to Mrs. George Beebe, Mrs. Edward S. Blair, Mrs. F. Cullenbine and Mrs. Benjamin George. Luncheon was served at 3 o'clock. Tomorrow evening Miss Howard will entertain a number of her girl friends.

For Miss Mack. Mrs. Donald Blair entertained a few guests informally at her home in North View street yesterday afternoon in honor of Miss Anne Mack. Bridge was played. Mrs. George Finley winning high score. There was also a guest prize for Miss Mack. Luncheon was served later.

Surprise Party. Mrs. E. F. Kitten and her daughter, Mrs. M. J. Tannenbaum, were given a surprise party by a number

of their neighbors yesterday afternoon at the home of Mrs. Peter Paulson in Indian avenue in honor of their birthdays. Music was enjoyed during the afternoon and at 5 o'clock a luncheon was served. Both Mrs. Kitten and Mrs. Tannenbaum were presented a handsome fern.

Graduate From Conservatory. Miss Margaret Watson of Weston avenue graduated last evening from the American Conservatory of Music, Chicago. The exercises were held in the Auditorium theater. Monday evening Miss Watson attended the annual reception given by the president of the conservatory, John J. Happstadt to the graduating class and alumni, in the Auditorium hotel parlors.

Miss Eleanor Smith of Seminary avenue graduated this year from the voice department of the conservatory. A chapter of the new organization, the Daughters of the American Flag, was formed this morning in West High school, the girls themselves choosing the name "Betsey Ross" chapter, in honor of the maker of the flag. The superintendent is Mrs. J. R. Adams, with Miss Hazel Nord, president, vice president, Miss Agatha Adams, secretary, Miss Florence Wright, treasurer, Miss Ruth Jenks. The first regular meeting will be held Monday at 3:30 o'clock.

Attend Graduation. Mrs. P. S. Watson and Mrs. R. Dunlop attended commencement exercises of the American Conservatory of Music, Chicago. Miss Margaret Watson is a member of the class.

## WALTZ, TROT, ONE-STEP WILL AGAIN HOLD SWAY

(By Associated Press Leased Wire.)

New York, June 12.—The waltz, fox trot and one-step, will continue to hold sway as the "big three" dances, according to dancing instructors here attending the fourth annual convention of the International Association Masters of Dancing.

## FIND THE INFANTRY THE LEAST POPULAR

(By Associated Press Leased Wire.)

Fort Sheridan, Ill., June 12.—Redistribution has been begun of the 5,000 members of the reserve officers' training camp into units of infantry, cavalry and artillery in which they will be given special training for those branches of service. The choice of branches of service as made by the individual applicant for commission shows that the infantry is the least popular branch of the service, with cavalry and artillery proving popular with more men than can be assigned to them.

## GERMANY'S REFORM MOVEMENT IS DYING

Neither Interest Nor Enthusiasm Manifested by Public Opinion or the Press.

Policy of Hindenburg to Defer Reform Attempts Until War Ends Seems to Prevail.

(By Associated Press Leased Wire.)

London, June 12.—The convention of the radical party in Prussia, at which resolutions on various reforms were passed, serves to call attention to the somnolence of the political reform movement after its phase of activity synchronizing with the Russian revolution and America's entry into the war. These events brought to a head, sentiment for liberalization and modernization of the system by which Germany was ruled, which sentiment was shared by almost all Germans, except a small class, who under that system dominates the administration of Prussia and Germany.

The effect is shown by Emperor William's Easter message, by the outburst of discussion in reichstag, in diets, and the press, and it lasted long enough to bring about the appointment of a reichstag committee on constitutional reform. Since then the movement has died down almost completely. The reichstag committee suspended its sessions after endorsing a few proposals which do not go to the heart of the situation and for which neither enthusiasm nor interest is manifested in public opinion. The German press has practically ceased discussion of the reform question and nothing is being done toward the modernization of the diets of the federated states and nothing is now being heard of the flood of proposals to extend the electoral franchise and abolish or reform the hereditary and appointive upper houses in almost all states of the empire.

Policy of Delay. The policy of Chancellor von Bethmann-Hollweg and the conservatives to defer the attempt to reform the

Prussian three class franchise until the end of the war prevailed against the demand for an immediate reform voiced by the socialists and radicals. The delay in taking up this urgent reform until the restoration of peace was treated as a matter of course by socialist speakers. Philip Scheidemann, chairman of the reichstag reform committee, is busy at Stockholm with an attempt to detach Russia from the entente allies and has abandoned for the time being interest in the work of the committee.

Finally the radical convention and its resolutions have attracted practically no attention in the newspaper or elsewhere and the absence of any editorial discussion may be accepted as symptomatic. The mid-summer meeting of the reichstag may produce spasmodic revival of the discussion, but few people in Germany seem to expect so tangible results during the war.

TAMPA, FLORIDA, HAS MOST PATRIOTIC FAMILY  
(By Associated Press Leased Wire.)  
Washington, D. C., June 12.—War department records today disclosed a remarkable case of family patriotism. Three sons of a Tampa, Fla., family are enrolled respectively in the regular army, the aviation corps, and the officers training camp at Fort Oglethorpe, Ga. The mother and daughter the rest of the family are preparing to join the Red Cross and, in addition the mother has offered all her property, consisting of 100 acres of land, to the government for any purpose.

## The June Bride and Her Problems

One of the first she must solve is: "Who's to be her grocer?" As every bride naturally desires her home a model, its conduct a criterion for her children, its maintenance a realization of "hubby's" fondest dreams, this question is very important.

Nothing brings it more up to such a high standard than a "good table." It is thru this medium that the good housewife expresses her love of family and environment. It is the one thing thru which she guards the health of husband and children and self and shields them from sickness due to wrong diet, unclean and impure foods. Thus it behooves her to be careful in selecting her grocer.

A house guaranteeing a quick, courteous and clean service and pure wholesome foods is the object of her search. To these ideals this store has been dedicated—people requiring such service patronizing it feeling sure of protection. Nothing left undone to keep it in the lead, there is nothing put aside to make it more deserving of your patronage.

The lucky June bride will be presented with a sack of high grade hard patent flour, which together with our wishes we hope will be instrumental in giving us a trial. Then continued patronage will be a constant aid in making your home a paradise.

## June Is Home-making Month

And We Are Ready for the Occasion—We Will Furnish the Home

As customary, the flowery month of June will witness many weddings. June is the traditional month for marriage. Mothers, grand and great-grandmothers under the superstitious sentiment of the times heard the magic words that made them wives and accepted graciously the fond blessing of priest or parson in the same lovely month.

BEFORE the echo of the wedding bells grow still, the minds of the bride and groom wander consciously or unconsciously to the place where they can call their home. So much depends upon the home surroundings—the home furnishings, they really make the home itself.

WITH sixty-five years of fair and successful dealing, there is not another furniture store in this city in the same position as the Denney store to supply the perplexed couple with furnishings from cellar to attic. Young couples will find it a matter of economy to buy the complete outfit here, where they may also receive the benefit of liberal credit terms which are not based on higher, but regular cash prices.

HERE the gift seeker can select wedding gifts, really serviceable and appropriate ones, gifts that will be appreciated. Ask for our assistance. Visit the one store in Aurora eminently qualified to enter into your every desire. A visit in no way obligates you.

# "I'm with You for all I'm worth"

The man who puts on a uniform and goes to take his place where the fighting is done is with the Government *for all he is worth.*

When man has staked his life he can go no farther in proving his loyalty.

There are many of us who cannot offer our lives in the service of our country. Nevertheless, we, too, can prove that we are with our Government and our Nation for all we are worth.

By purchasing Liberty Bonds to the full extent of our ability we prove our faith in the justice of our cause, we give our support to the men who are going to fight our fight, and we earn for ourselves the satisfaction that can come only through a conscientious performance of duty.

## You Take No Chance

The man who goes to fight necessarily takes a chance. In buying Liberty Bonds you take no chance. Your investment is secure.

Liberty Bonds are just as sound as is the money which the Government issues. A Liberty Bond is better, in fact, than money, because the Liberty Bond you buy today is going to be worth more than its face value when you get ready to cash it in. Money never can be worth more than 100 cents on the dollar.

Put into service every dollar that you can spare. Show that you are with our fighting men in spirit. Let them know that you are with them *for all you are worth!* They need your support. Are you willing that they shall have it?

Liberty Bonds are sold at all banks. Don't let another day go by without proving that you are with the forces that are fighting for the preservation of liberty!

## MISSION FROM RUSSIA ARRIVES IN SEATTLE

(By Associated Press Special Wire.)  
Washington, June 12.—The Russian mission to the United States, headed by Boris A. Bakmeteff, as special ambassador, has landed at a Pacific port. The party, consisting of about 40 members, will stop first at Seattle, Wash., and proceed at once to Washington.

The mission passed thru Yokohama about 11 days ago and consequently made a quick and easy trip. Baron Ughern, one of the secretaries of the Russian embassy here, met the party and will escort it across the continent to Washington. In Chicago, Breckenridge Long, third assistant secretary of state, will join the mission as the representative of President Wilson and the department of state. Such courtesies as were extended to the visiting British, French and Italian special missions will be extended to Ambassador Bakmeteff and his party.

With his personal staff Mr. Bakmeteff will be the guest of the nation and the large body of special experts and attaches will be quartered in one of the hotels here.

The head of the Russian mission comes to Washington in a double capacity, first as the head of the extraordinary embassy sent by the provisional government to extend to the United States government its thanks for entry into the war on the side of the entente allies and to arrange for material assistance from this country, and second, as ambassador resident, until such time as the provisional government can make a permanent appointment.

Mrs. Emma Slick, one of the most enthusiastic and hard working members of Abraham Lincoln circle, ladies of the Grand Army, will leave Friday for Salt Lake City, where she will keep house for a number of months for her son, Richard. Yesterday Mrs. Slick was invited to the home of Mrs. Martha Miller, president of the circle, and upon arrival found the members of the organization awaiting her. She was given a little gift by the members, Mrs. Haral making the presentation.

**Postpone.**  
The N. Y. club, of which Mrs. E. Y. Fowler is a member, and which was to have met tomorrow with Mrs. Lazie Hale, has postponed its meeting indefinitely owing to the sudden death of Mr. Fowler. There is, possibly, but one bright spot, in connection with this death of one of the best-hearted and most who ever lived in Aurora, and that is, that his daughter, Mrs. Samuel Loomis, and her children, happen to be in town. Many there are, not forgetting woman reporters, who recall many pleasant hours given by jolly "Ed" Fowler just as was true of his brother, "Big Will Fowler," whose death also occurred suddenly. Mrs. P. E. Royce, a sister of Mrs. Fowler, is in Chicago at present undergoing treatment for a malady from which she has almost completely recovered. A general atmosphere of sadness rests about the entire family this spring.

The younger Mrs. Fowler, formerly Kittle Rishburn, having only recently lost her mother, Mrs. J. J. Rishburn.

**The Alumni meetings.**  
It is urged by those in charge of the alumni meetings of both East and West Aurora, that graduates and friends remember that both alumni meetings are held Friday evening of this week. West Aurora will have a program also, it was said this morning, as well as an amusing picture gallery, with portraits and group pictures taken a number of years ago. Eddie Fitzgerald will furnish music for dancing.

East Aurora wishes it understood that every one, (graduates and friends), is invited to attend the meeting and that the dues will be 25 cents for all—graduates and friends alike.

**To Entertain.**  
Miss Elsie Kellett will entertain Thursday of this week in honor of Misses Helen Denney and Laura Bardwell.

**For Miss Boreth.**  
Misses Gertrude, Lily and Sarah Boreth entertained last evening in honor of the approaching marriage of Miss Signa Boreth. There were a number of games, one being most amusing and a little unusual. The hostess proposed an advertisement for a maid, giving requirements that each respond to this advertisement, setting forth her abilities. Mrs. Nantsted Berg's reply most nearly satisfied the said requirements, the entire game being attended with mirth and many allusions to The Beacon-News. A delicious luncheon was served, carried out in pink and white.

A man can look dignified all he pleases. But that doesn't help him any when there is a bedbug crawling around the back of his coat collar.

## Movie Notes

William Russell, during his recent week's stay at his bean ranch near Mendota, was requested to appear at the Tivoli theater in San Francisco, where a Russell picture, "High Play," was being shown. Though painfully sunburned and tired out from actual labor on his ranch, Mr. Russell drove into San Francisco, and for half an hour entertained patrons of the Tivoli theater with an impromptu talk.

Fred Brunette was given the choice of a dressing room out at the Sells Zoo studio. She claims it was her poetic temperament that caused her to choose one in the shade of a eucalyptus tree and in the vicinity of a brook. Incidentally, it is in the vicinity of the lion cage at the Zoo, Miss Brunette says she likes to be within hearing distance of the lion's roar, because it makes her feel that she is in danger, knowing the while that she isn't!

## CORN HAS STARTED WELL

The Burlington railroad crop report for the week ending June 9 reveals that oats are making great progress in Illinois and Iowa. The winter wheat crop is poor, but corn has a good start, while in Iowa the outlook is for a big potato crop. The report follows:

### ILLINOIS DISTRICT.

Aurora division—Generally poor, good deal of winter killed and some of it blowed up. Percentage of condition 25 to 30.

La Crosse division—Condition fair to good, no damage. Percentage of condition about 30.

Galesburg division—Generally reported as in poor condition, good deal of it winter-killed. Some has been plowed up and fields planted in corn. Percentage of condition 50 to 60.

Have had considerable rainfall, some very heavy rains, especially on the Galesburg division—all the way from one-half inch to four inches of rain has fallen. Soil is generally in good condition but too wet in many places.

Farmers have been finishing up corn planting and cultivating corn and doing general farm work.

### VACATION COMES; PUPILS REJOICE

This the Last Day of the School Year on Both Sides of River.

This was the last day of the 1916-17 school year in the grades and high schools on both sides of the river. Pupils won't return to studies until September 4. At the high schools students assembled today to receive report cards and the grade schools have already had annual picnics, while others which were to have been held today have been postponed on account of the rain.

This afternoon at 2 o'clock the graduating exercises of the west side eighth grade were held in the high school. Dr. J. H. Clason spoke on the subject, "The First Base," and the pupils gave a program.

The commencement exercises of the West High graduating class will be held this evening at the New England Congregational church. Dr. Cook of the State Normal school at Dekalb will give the address.

Tomorrow evening, Senator Harold

C. Kessinger will give the commencement address for the East High school, the exercises to be held in the auditorium.

Delay Injunction Bill.

Springfield, Ill., June 12.—Consideration of the Latham anti-injunction bill for which labor leaders have made a desperate fight, was deferred by the senate today. The bill was the special order and the action today was taken as an indication that no effort will be made to enact it into law at this session.

### Voice of the People

Aurora, June 9, 1917.

Beacon-News Editor:

Kind Sir—Kindly insert this for the good of humanity. When I was a little girl and went to the public school I wore a star, likewise every scholar. Across the star were letters "Bonds of Mercy." It meant kindness to dumb animals and humanity.

I understand we have a "humane officer" who has been doing very good work in that line toward dumb animals.

Don't you think she would be doing more of a humane act if she reversed her tactics by doing good toward little innocent children and the rest of humanity by looking after some of these dumb brutes, especially dogs, to see that they are muzzled, tied up or shot?

That's humane work!!! For example I believe this is worth while

mentioning. I saw a large black dog throw down a little girl, not even intending to bite her, but this fright was worse than a bite as the child went into spasms and now the child is a nervous wreck and even shys at a picture of a dog or a toy.

That law should be enforced, every dog, pet or bum, if not muzzled or tied should be shot by any two citizens as witnesses, not waiting for an officer to make the rounds of 40,000 inhabitants' homes.

Which is more important the safety of little children or the pathetic humane lady's lament, "Oh my poor dog, is so uncomfy with a muzzled collar on?"

Every owner of a dog that didn't abide by the law should be arrested and fined to the extent of the law.

Get busy, Humane Alderman Moss, you have a home of little ones, you're the man to start things going. The mothers would be glad to vote for you for humane officer with a good salary.

Who ever heard of giving a mad pup a drink of water, and a biting horse a kiss, or telling an old man to get off the wagon and walk and put the horse in the wagon?

"Bah! Bah!" for that kind of humanity. Yours sincerely,

"A HUMANE MOTHER"

**Senreco**

THE double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

**SENRECO IS A WONDERFUL CLEANSER.**

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

### THE CHINESE SITUATION

(By Associated Press. June 12.—) Con-  
flicting opinions as to President Li Yuan-  
Hing's proper course of action in the  
present political crisis were given to-  
day by Dr. George Morrison, a Brit-  
ish subject and general advisor to the  
president, and by Prof. Nagao  
Akira, Japanese advisor to the presi-

### Alkali In Soap Bad For the Hair

Soap should be used very carefully.  
If you want to keep your hair look-  
ing its best, most soaps and pre-  
pared shampoos contain too much  
alkali. This dries the scalp, makes  
the hair brittle, and ruins it.

The best thing for greasy hair is  
just ordinary multifunction coconut oil  
(which is pure and greaseless), and  
is better than any of the most expensive  
soaps or anything else you can use.

One or two teaspoonfuls will  
cleanse the hair and scalp thoroughly,  
and rub it in. It makes an  
abundance of rich, creamy lather,  
which rinses out easily, removing  
every particle of dust, dirt, dandruff  
and excessive oil. The hair dries  
quickly and evenly, and it leaves the  
scalp soft, and the hair fine and  
silkly, bright, lustrous, fluffy and easy  
to manage.

You can get multifunction coconut oil  
at any pharmacy, it's very cheap,  
and a few ounces will supply every  
member of the family for months.

# LIBERTY BONDS

## The Safest Investment You Can Make

**I**N a double sense Liberty Bonds are your best guarantee of safety.

They will safeguard your money because they are backed by all the resources of our Government. The \$50 bill that is passed to you over the counter at your bank is no better than the \$50 Liberty Bond you buy.

As long as the money that the Government issues is good, Liberty Bonds will be good, because they are backed by the same authority and the same resources that are back of the money you accept in payment for what you have to sell, whether it be labor, merchandise or the product of the soil.

But more important than that, Liberty Bonds will insure your own personal safety, the safety of your children, the safety of your home, the safety of your country, the safety of your future!

Liberty Bonds are issued for the purpose of making it possible for you and your family to live in a free country.

They are issued for the purpose of enabling the United States to remain an independent Nation, untaxed and unoppressed by any autocrat, and owing allegiance to no power under Heaven.

Can you ask, then, whether Liberty Bonds constitute a safe investment? Can you hesitate for a moment to invest in this guarantee of your liberty and your safety every dollar that you can raise?

The \$2,000,000,000 to be secured immediately through the sale of Liberty Bonds is needed to enable our Army and Navy to strike down the danger that threatens our liberty, our safety, our homes, our very lives!

Every good American—every one who lives under the protection of our flag and hopes that it may continue to protect him and those who are dear to him—should subscribe to the *full limit of his resources* in Liberty Bonds.

They draw 3½% interest, are non-taxable, and are as good as cash whenever and wherever you may have to use them. Their value will increase every year that you hold them.

Buy Liberty Bonds in \$50, \$100, \$500 and \$1000 denominations at any bank, post-office, newspaper office, express office, or hotel.

Don't think that your purchase is not important. Don't think that it will make no difference whether you buy Liberty Bonds or not. It will make a difference.

It is your safety that your Liberty Bonds are to protect, and it is to YOU that this message is directed.

### An Eleventh Hour Message

Gentlemen:

"DO YOUR BIT—NOW" is exactly what every reader of your great NEWSPAPER would like to do—if he knew HOW. This advertisement tells what an opportunity each reader has to "DO HIS OR HER BIT—NOW," and that is—  
BUY LIBERTY BONDS.

Every American, every man and woman who lives under the protection of the Stars and Stripes is invited to have a part in Uncle Sam's "LIBERTY LOAN" of Two Billion Dollars for the protection of our country.

Wherever the word Patriotism means what it meant to our fathers and mothers and their fathers and mothers, there should be a quick response to this call. The man who has to stay at home because he is unfitted for military service can "do his bit" by subscribing to the "LIBERTY LOAN."

So, too, with the woman, whether she finds it possible or not to enter any of the branches of service provided for women.

All can buy "LIBERTY LOAN" BONDS and thus aid their country at this time, when the aid of all is needed. So may their children—the boys and girls of the nation—subscribe to the "LIBERTY LOAN." It is their great stake in the future.

So sure am I that your readers will respond to this call that I am sending you herewith my personal check to pay for this advertisement—as the quickest and most efficient way for me to reach every reader of The Beacon-News.

Every one who buys "LIBERTY BONDS" now will know that he has taken the first step in the right direction to HELP WIN this war, and I hope thousands of your readers will become active supporters of the Government by purchasing as many "LIBERTY BONDS" as possible within the next thirty-six hours.

Sincerely,  
NIC WILLIAMS, Proprietor.
